

# 2022-23 Sherwood Band Program

## Sponsorship Opportunities

**We invite you to join us in supporting a premier band program in Oregon.**

Our mission is to deliver the best music education possible and provide opportunities to travel, compete regionally and nationally, and learn from the most talented musicians in the country. We hope you will join us to provide life-long experiences and memories for students in our Sherwood community.

Our students' music education is made possible by sponsors like you. Last school year, the band program supported over 300 students grades 6 - 12 in 19 performing groups. Our students participated in over 75 performances, competitions, and community events.

Band also provides leadership and personal growth opportunities. Studies show that students involved in music excel academically, increase graduation rates, and are more likely to volunteer in their communities throughout adulthood. Our alumni go on to be community leaders, educators, and active citizens.

Your business will benefit from large-scale public exposure and association with a top-tier public school activity. Our 2022-23 sponsorship opportunities are expanding to provide even more value to your business while providing music education for kids throughout our community.

**Your support is greatly appreciated. Thank you.**
